

TECHNICAL SERVICE Bulletin

Date: May 10, 2002

TSB # 006

Subject: Approved Hydraulic Oil

To assure normal operation of your *POWERAMP* or DLM dock lever and truck restraints, the following aircraft hydraulic fluids are recommended which meet or exceed the Military Specification MIL-L-5606:

- Flomite 530 ZF
- Aero Shell Fluid 4 or Fluid 41
- Mobil Aero HFA Mil-H5606A or Aero HF
- Texaco Aircraft Hydraulic Oil 15 or 5606
- Exxon Univis J13

POWERAMP carries approved hydraulic oil under the following part numbers:

POWERAMP

- 1 Gallon Container Part # 8512-0001
- 5 Gallon Container Part # 8512-0002

Use only aircraft hydraulic fluids designed to meet or exceed
Military Specification: MIL-L-5606.

Fluid brands can be mixed.

*Note: warranty repairs must use *POWERAMP* and DLM supplied
hydraulic fluids to qualify for fluid cost reimbursement.
